

# NOVENA FOR OUR NATION

Heavenly Father, you have bestowed grace and abundance on these United States of America during our 250 years as a nation. You gave us the Immaculate Conception as our patroness and protector. We thank you for the many blessings you have showered upon these lands and people.

Have mercy on us for the sins and transgressions we have committed, individually and as a nation. May we not misuse the gift of freedom to do what is sinful or licentious, but may we use our God-given freedom to pursue truth and draw people closer to knowing and loving you.

Continue to bless this nation and its citizens. We ask the Sacred Heart of Jesus for mercy and the great example of how to love. We beseech your blessings on your sons and daughters of this great nation.

O Mary,
